Career Objective

Seeking an internship to work and learn at the same time to gain experience of real time work environment.

Skill set

- **Languages:** C, C++, Python.
- **Web Technologies:** HTML.

Academic Qualification

- Master of Computer Applications from 2020-22.
- Bachelors of Science, in 2017-20 from Jaya College of Arts and Science with 81%.
- HSLC from SRGDS MAT HR SEC SCHOOL in 2016-17with 83%.
- SSLC from SRGDS MAT HR SEC SCHOOL in2014-15with 90.8%.

Academic Project

PROJECT NAME — SELF DRIVING TRAIN SYSTEM USING REINFORCEMENT LEARNING
Project description

- This project considers the problem of the self-driving algorithm on reinforcement learning.

- This is the hot topic because self-driving is the most important application field of Artificial Intelligence.

KEY SKILLS

- Strong Work Ethic
- Quick Learner
- Adaptability

HOBBIES

- Self- Learning,
- Drawing
